### a. SUD Screening & Public Defender's Office Concern Update

Sara Sircely, SUD Services Director, provided an update on the Public Defender's Office concern presented to the board during last month's public comment. After the board meeting, NorthCare's SUD Clinical Director Tami LeBlanc was alerted to their concerns. Tami was not aware of any issues prior to this and did review the details provided. Tami and NorthCare staff did reach out to the Public Defender's Office staff to discuss the concerns. NorthCare's screening process was reviewed, and several suggestions were made to help the Public Defender's Office staff with their process and alleviate any miscommunications.

### b. CEO Job Description Recommendation

At last month's meeting, the board requested that the NorthCare Leadership Team review the CEO job description and bring a recommendation back to the board. Megan Rooney, Interim CEO, provided an update that they did meet and discussed the CEO position, potential for a COO position, job functions/responsibilities, and whether to keep it as one combined CEO position or to separate it into two full time positions (CEO and COO). The Leadership Team did not have an overall consensus and are equally divided on what direction to take. At this time, the recommendation is not to separate out the position. We need more time to continue to review NorthCare's structure, identify gaps, and where the greatest need is to ensure we are providing enough support to our provider network.
